

Refer a Client and Receive our Thanks!

We have found once our clients have completed a successful project with our staff, they like to tell their peers. The most successful sales leads we receive come from you – our satisfied clients. Nothing compares to the credibility and insight that CS3 Technology clients can provide when discussing their business successes. So, we are excited to offer a tangible Thank You! for your referral efforts.

Under the program, you will be paid \$200 for any new client that makes an initial purchase of \$1,000 - \$5,000. For new client purchases that exceed \$5,000 you will be paid \$500. The referral must be made prior to the prospect contacting CS3.

What You Should Do

All CS3 clients are eligible to participate. When you identify a prospect for any CS3 product or service, please choose one of the following easy options to register the opportunity with us.

- Call 918-496-1600 or 877-496-1600
- Fax the Lead Referral Form to 918-494-0367
- Email the Lead Referral Form to sales@cs3technology.com

Once CS3 qualifies and accepts the lead, we will assign the prospect to the appropriate Sales Representative in the region to present the recommended solution.

How Do I Get Paid?

CS3 will write a check to the entity you specify. Some of those we have paid in the past have included:

- The employee making the referral
- The employer of the person making the referral
- A specified charity
- A catering company for a luncheon for the employer's accounting department

The point is, we will assist you in recognizing the person or group you feel deserves the recognition. The check will be mailed within 90 days after the sale is closed and we have received full payment. This ensures the client is completely satisfied with the solution.

What CS3 Will Do

CS3 will review our database on a monthly basis and process referral payments for any opportunities that were registered and eligible for payment during the previous month. If you would like to check the status of a referral or payment, please call 918-496-1600.
